To combat a threat by the N. Railroad to cut off daily summer train service between Gulf Coast and New Orleans, a mass meeting was held Tuesday night at Bay High School Gymnasium. The meeting, attended by more than fifty commuters, and county officials, members of the Coast, named committees to decide ways means of halting the L. and proposed train service cut. Mr. G. Gaudet, Waveland, and as acting chairman to organize the meeting. Gaudet said removal of the summer train from the Coast is not merely a question of transportation. "It is a question of the life of the Gulf Coast," he declared. The meeting was the action of two committees, one to work with the L. and N. in endeavor to discover means economically operating the summer train, which the railroads has been losing money. Another committee was formed to take action if it became necessary to enter a legal fight with the railroad to prevent discontinuance of the train. Members named to the first committee included: M. Brignac, Col. C. E. Beck, Thomas Mueller, Maurice Jones, Lawrence Jones, Lawrence Jones, and Jack Carignan. The second committee is headed by Rudolph Vachon, Mr. Roberts, J. Cyril, Cliff Walker and Col. Brignac. The committees, it was pointed out, were not necessarily formed from members of the existing Gulf Coast Commuters organization, but rather a community committee of interested citizens which would work and work with the organization. On another meeting here last Wednesday and W. G. Gaudet, Assistant to the President of the L. and N. Railroad, was advised that the L. and N. had decided on its part of action if the losses were not overcome. The decision was simply to stop the commuter service.
